

VIÑA TERRANOBLE CELEBRATED FIESTAS PATRIAS WITH THE COMMUNITY AND ITS TEAM

With activations in Talca, private events at the winery, and internal celebrations for its employees, TerraNoble celebrated Chilean traditions, culture, and winemaking heritage this month.

At Viña TerraNoble, we experienced the national holiday month by sharing it with the community and our team.

We were present at the Plaza de Armas and the Mall of Talca, sharing our award-winning wines with locals, clients, and wine lovers through our roots and history, alongside corporate events.

Internally, the heart of the celebration was dedicated to our team members, recognizing the daily commitment of those who make TerraNoble's excellence possible.

Celebrating these dates reaffirms our historical connection with the Maule Region and strengthens our purpose of projecting national winemaking quality to the world. Cheers to tradition and our great team!

TOUR OF EUROPE

Our General Manager, Alejandro Abarca, along with part of the commercial team, visited key markets to meet with clients and prospective importers, visit retail stores, define year-end planning, and establish projections heading into 2027.

This tour reinforces our commitment to bringing the quality of our wines to Europe's most demanding markets, thanking our importers for their collaborative work.

CA DE CARMENERE: A DECADE OF DISTINCTIONS

Viña TerraNoble stands out once again after winning a Gold Medal for CA2 Carménère Costa 2023 at The Global Carménère Masters, organized by the British magazine The Drinks Business.

This new medal consolidates a decade of major international achievements for the CA line. Its trajectory includes milestones such as 96 points and "Wine of the Year" by Tim Atkin MW (2018–2020), 94 points in Wine Advocate (2023), 94 points in La CAV 2026, and consistent scores of 93–94 points in Descorchados.
