SUCCESS AND RECOGNITION ON LATIN AMERICAN TOUR

An intense regional tour of Mexico, Ecuador and Peru culminates in major awards at Expovino in Lima, celebrating our origin and quality.

With the aim of strengthening partnerships and continuing to showcase the value of our wines in Latin America, **Ignacio Mattas**, Regional Director Latam at Viña TerraNoble, completed a successful international tour of Mexico, Ecuador and Peru.

In Mexico, he attended the ***Grandes Terroirs*** event organized by ProChile. Then, in Ecuador, he met with the Chilean Ambassador and ProChile's Trade Director in that country to explore future growth opportunities in the Andean market.

Finally, in Peru, our wines were the big winners at the Expovino competition. These medals reaffirm our team's commitment to the consistency, identity and nobility of every label, strengthening TerraNoble's position among the leaders of the regional wine industry.
