

### ON THE ROAD AGAIN!

The Covid-19 pandemic kept us from traveling to the markets and visit our customers. We are very happy to share with you that the TerraNoble commercial team, with the necessary precautions, is once again present in the markets working together with our partners in the promotion of our wines. We are sure that together with you, working in person we can achieve great success in continue positioning the TerraNoble brand as wines of the highest quality in your markets.
